Landing along the arc of the moon, the waves gently embrace the wandering people. Standing in the middle of the sea, I gaze from afar at the familiar island, thinking of the star in the southeast, wondering if it can accompany my longing for home.

沿著月圓弧邊降落，波光用別樣溫柔懷抱漂泊的異客。就這樣，站在海中央的心，遠眺遠方那座來時的島嶼，想著，東南方的那顆星啊，能不能陪伴思念的海洋。

GROWTH DIFFUSION MIST SILENCE

EJML203961A52-T44-1

The mist by the shore rises from the sea level. In the quiet night, longing grows like a flower silently blooming beneath the sea's surface.

岸邊雲霧繚繞成煙，從海平面升起，寂靜夜裡，想念是平靜海面下野蠻生長的花。

The longing pours down like a torrential rain, weaving into a river of stars across the night sky, reflecting in harmony, tracing the island's century-old dream.
